FUN FACTS-

- Toddlers need about an hour a day of heart-pounding exercise (running after a ball, biking, jumping, etc.)
- Sleep, exercise and regular meals and snacks are important habits that are essential when it comes to enabling kids to have better control over their emotions.

Note!

Please remember to dress your child appropriately as we will be going outside when it is 20 degrees or above. Items we feel are necessary, coats, hats, gloves, mittens, snow pants and warm boots.

*Also we will be having a Valentine's Day party on Tuesday February 14th at 9:30am. Check the classroom for a sign-up sheet if you would like to bring something.
